An approaching marriage of much interest to many in Breckenridge county is that of Miss Norris Belle Kurtz and Mr. Tom Lyddan. The wedding will take place in the Methodist church at Webster at 3 o'clock Wednesday afternoon, February the twenty-sixth.

Everything taken into the stomach should be digested fully within a certain time. When you feel that your stomach is not in good order, that the food you have eaten is not being digested, take a good, natural digestant that will do the work the digestive juices are not doing. The best remedy known today for all stomach troubles is Kotof, which is guaranteed to give prompt relief. It is a natural digestant; it digests what you eat, it is pleasant to take and is sold here by All Druggists.

How I Cured Sweeney And Fistula.

"I want to tell you how I saved one of my horses that had fistula. We had a horse doctor out and he said it was so bad that he did not think he could cure it, and did not come again. Then we tried Sloan's Liniment and it cured it up nicely.

"One day last spring I was plowing for a neighbor who had a horse with sweeney, and I told him about Sloan's Liniment and he had me get a bottle for him, and it cured his horse all right, and he goes off now like a colt.

"We had a horse that had sweeney awfully bad and we thought it was never going to be any good, but we used Sloan's Liniment and it cured it up nicely. I told another neighbor about it and he said it was the best Liniment he ever used.

"We are using Sloan's Sure Colic Cure and we think it is all right."

Our Word For It.

No other sale approaches this one for depth of price cutting or liberality of value-giving. At no time during the history of Irvington have we, or any one else, ever offered goods of standard quality at anything like these prices.

WE POSITIVELY GUARANTEE TO SELL AS ADVERTISED.

This is our last ad, and Lowest price that will be given, as in 5 days Gardner Bros. will be no more and forgotten as a defeated candidate.

It Pays To Advertise

Mr. John D. Babbage,
Cloverport, Ky.

Dear Mr. Babbage:

The advertising in your paper and the Democrat last week certainly reached the public, for we sold more medicine than was ever sold in one week before in Irvington. Your paper reached here Wednesday at noon and by Thursday night we had sold our entire stock of Valentine Post Cards, not one left in the house. I never before realized the importance of newspaper advertising.

Yours Very Truly,

QUEER TEACHING.

A Glimpse of the One Time Methods in Scotch Schools.

To the work of supervisor of schools in Scotland Mr. John Kerr devoted a number of years. In his book, "Other Memories, Old and New," he has set down some amusing illustrations of the unintelligent way in which the school work was sometimes conducted.

The revised code of education which was introduced in 1862 made provision for nothing but reading, writing and arithmetic in their barest forms. There was no suggestion about grammar, geography, history or intelligence in any study. Explanation of the reading lesson was not demanded, and therefore it was neglected in some of the schools. The following is an example:

The lesson was one giving an account of a clever dog which had rescued a child from drowning. It was said that the dog was caressed by the parents of the child. I asked what was the meaning of the word "caressed," and the answer came at once, "Made of fond led."

On referring to the list of words at the top of the page I found the explanation given was, "made of, fondled."

Wishing to find out if any child in the class had got a glimpse of the meaning, I went from top to bottom and got from every child nothing but "made of fond led," pronounced as four words, to which they attached no meaning whatever.

The teacher was surprised that I was not satisfied with the intelligence of the teaching.

The Jumping Off Place.

"Consumption had me in its grasp and I had almost reached the jumping off place when I was advised to try Dr. Kings New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again."—says George Moore, of Grimsland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1.00 at Severs drug store. Trial bottle free.

Resigned Too Soon.

One Missouri lieutenant governor missed the governorship because he resigned too soon. When Frederick Bates was elected governor, there was chosen for lieutenant governor on the same ticket Benjamin H. Rives of Howard county. Mr. Rives held office a few months and resigned. Shortly after his resignation Governor Bates died, and there being no lieutenant governor the succession fell to the president of the state senate, Abraham J. Williams of Boone county who served for some six months as governor of Missouri. Governor Williams was a preacher, a shoemaker and had one wooden leg.—Kansas City Star.

It calms the cough and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Take no other. Sold by All Dealers.

Neighborhood Favorite.

Mrs. E. D. Charles, of Harbor Maine, speaking of Electric Bitters, says: "It is a neighborhood favorite here with us. It deserves to be a favorite everywhere. It gives quick relief in dyspepsia, liver complaint, kidney derangement, malnutrition, nervousness, weakness and general debility. Its action on the blood as a purifier makes it especially useful as a spring medicine. This grand alternative tonic is sold under guarantee at Severs drug store. 50c.

Beecher's Wedding Fees.

When Collis P. Huntington was married for the second time Henry Ward Beecher performed the marriage ceremony. Huntington's first wife had been dead less than a year, and he desired the second marriage kept secret until his return from Europe. He gave Mr. Beecher a marriage fee of \$1,500. When Huntington returned some months later he went through a public ceremony, and Beecher again officiated. He gave Beecher another fee of \$1,500. The great preacher had his humor aroused by his second fee. Turning to Huntington, he said, "Collis, I do wish you were a Mormon."—Lyceum and Talent.

"So this is your widely advertised dollar table d'hôte dinner, is it?" said the indignant would be diner as he pushed aside an entrée which he could not taste. "Why, this is the last place in the world I would recommend to friends."

The Instinct of Design.

When a Japanese cannot mold the shape of an object, when he cannot reduce it by a design when, in fact, he has no control over its creation at all, but it is placed in his hands as it is finished, says the author of "Kake-no-mono," he will still contrive to add beauty to it merely by arrangement. "I first noticed this on board the steamer going out," says Mr. Edwards. "where the Japanese boy arranged the extra blanket on the berth in a new design each day. He folded it into loops, leaves and chrysanthemums, into half opened fans and half shut loads. It had one wonderful arrangement which being patriotic, was more often repeated than the rest. The blankets of the steamship company had at top and bottom two way red lines on a white ground. By some wonderful twist of his fingers the boy would fold that blanket into the rising sun, with the four red lines coming out of it like blood red rays. He did it so perfectly that I recognized the flag of Japan the moment I saw it."—Youth's Companion.

When the baby is cross and has you worried and worn out you will find that a little Cascasweet, the well known remedy for babies and children, will quiet the little one in a short time. The ingredients are printed plainly on the bottle. Contains no opiates. Sold by All Druggists.

A Tenor's Rebuke.

Roger, the great French tenor, a sensitive soul, was prone to take offense at any slight, whether intentional or not. On one occasion he was engaged for 1,200 francs to sing at the house of a wealthy financier. Roger sang his first song magnificently, but no one paid him the slightest attention, and the guests continued to talk and the guests continued to talk their loud. Presently the host thought the time had come for another song and sent for Roger. He could not be found and that evening was seen no more. Next day there came a note from him, accompanied by 1,200 francs. The note ran something like this:

"I have the honor to return the 1,200 francs which I received for singing at your function, and I beg leave to add 300 francs thereto for having so greatly disturbed the conversation of your guests."—Chicago Record-Herald.

ABOUT MEN WHO ARE DOING THINGS.

Chas. May, Foster Heyser and Sam Conrad are very busy getting ready for the Knights of Pythias banquet, to be given tomorrow night at O'Lea's Hall.

P. D. Plank, Master Mechanic of the Henderson Route shops, has been asked not to quit during the panning, giving money to church subscriptions and seeing that ministers are in full when it comes to his part. Just recently he had a load of coal hauled to the Methodist parsonage and it was a complete surprise to the Rev. Currie.

Fred May is enjoying the cash system in the meat market.

Chas. B. Skillman has been receiving the quarterly collections from the Methodist church members during W. H. Bowmer's absence.

Judge Willis is able to be out in town after fighting attacks of grip for several weeks.

There is probably not a man in town who enjoys flowers as much as Chas. Furrow. He rarely ever sees one unless he notices it in every particular and he has flowers growing at his home the year round.

Carl Lishen has not been in the meat business long, but he comes by the butcher's trade naturally, having handled the butcher's knife ever since he was large enough to walk. He is having a fair trade at his shop in the West End.

D. H. Severs is now being called "Mud Severs" having recently been given that name by his young friend, Eudaly Currie.

Everybody knows that John A. Ross is a fine engineer, a successful farmer and a good church member, but it isn't every one who has learned of his ability as a blacksmith, carpenter and a knife maker. At his home in the East End is a handsome rickety chair that he made himself. It is of ash wood and mission style. The butcher knives he makes are beautiful and lucky is the person who gets to claim one. He makes one every now and then for a gift to a friend or relative. Mr. Ross has a very convenient little blacksmith shop in his back yard.

John Monarch, of Hardinsburg, says he would like to be County Clerk once more in his life, and as he isn't very old, prospects are good for him.

O'Connell, like other men, is finding out that advertising is the way to sell groceries, dry goods and anything else.

Wednesday of last week L. McGavock, who for several years has been traveling salesman for Cabell, Bayne & Co., Louisville, resigned his position with them to represent Otter & Company, wholesale grocer, of the Louisville city. The change will be more lucrative for him and he will also have the same territory getting home once a week. Mr. McGavock is one of the few men on the road who has the advantage of getting home so often.

Dr. Forrest Lightfoot is a lover of fine stationery and the kind he uses carries out his good taste of colors and design. His letter heads and envelopes are of handsome linen paper in gray blue and printed in blue ink; the type being Old English. The influence of good stationery is most extensive and its force is being recognized by leading business men everywhere.

"Men who prosper in life labor hard while other men are idle who are acting while others are striving with industry."

Competition is the cutting of prices in Irvington and Dick Hardaway has his nerve when it comes to selling tulu. One store in that city commenced selling Kis-Me gum, two bunches for five

cents, then another made three for five; now Hardaway is selling five bunches of fresh Kis-Me gum for one nickel. Gum fiends, even some of Cloverport, are giving Mr. Hardaway the rush.

In addition to his meat market M. Winn has gone in to the wholesale produce business as is announced in his ad in the News.

Theodore Shapinsky was in Louisville Sunday and while there he was given a splendid offer by D. Christl & Co., of Evansville, Ind. Mr. Christl wants him to represent his house as traveling salesman and Mr. Shapinsky will probably accept the situation. He is now having an auction sale of his

The petit jurors for the term are: Tom Blain, L. G. Marr, N. S. Mercer, Allen Newby, Jim McCoy, Sam Addison, Bill Addison, Z. T. Hardin, Milt Whitworth, Clint Dowell, S. H. Dix, H. M. Jerome Parker, colored, charged with unlawfully, willfully and maliciously shooting at another with a shotgun with intent to kill, but without wounding the person so shot at, was found guilty and his punishment was fixed at one year in the penitentiary.

The three Powell brothers, yet to be tried, have been granted separate trials this term, the date set for the trial is today, Wednesday, Feb. 19. As the sheriff is related to Robert Miller, who was killed, the court appointed Wm. F. Beauchamp and Eugene Sill elisors to summon a special venire of seventy-five men to report at 9 o'clock today. From this number together with the nine men of the petit jury who were ordered to report this morning, it is expected that a jury will be secured before whom the case will be tried. The time has not been set for Wheeler and Walter Powell's trial.

The cases of Butler & Butler and of D. C. Heron vs. the L. H. & St. L. R'y Co. were dismissed settled.

Tice Tucker was granted an absolute divorce from Hattie K. Tucker.

The Grand Jury returned the following indictments:

Commonwealth of Kentucky vs. Obe Lewis, maliciously shooting another.

Commonwealth of Kentucky vs. H. & C. Turnpike Co., and R. L. Newsum, suffering turnpike road to be and to remain unfit for public travel.

Commonwealth of Kentucky vs. Bryant Baum, maliciously cutting another.

Commonwealth of Kentucky vs. Lucy Carnary, petit larceny.

Commonwealth of Kentucky vs. Frank Kinney, breach of peace.

Commonwealth of Kentucky vs. Chas. Wilson, maliciously cutting another.

Commonwealth of Kentucky vs. John Brown, disturbing lawful assembly.

Commonwealth of Kentucky vs. Hardinsburg & Cloverport Turnpike Road Co., suffering road to be and to remain unfit for travel.

The Grand Jury reports the jail and other public property in good condition and well kept, except that the court house is leaky.

No court Monday nor Tuesday of this week, nor but little else this term except the trial of Vandymlite Powell, which begins today.

The petit jury was dismissed Saturday except the nine who were retained to appear today.

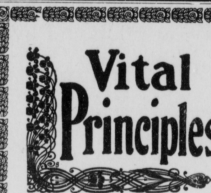

The cases against Bud and Jedd Logsdon for grming were dismissed because of failure of proof.

The L. H. & St. L. R'y. Co. was fined \$800 on each of four counts for violating the local option law.

The case against L. D. Addison for failing to list his land was dismissed, as it was shown that Mr. Addison is and was a resident and voter in Breckinridge county.

The case of the Commonwealth vs. John H. Coke charged with the murder of John H. Coke continued because the mandate of the Court of Appeals was not received in time to authorize the trial of the case at the present term. It has been set for the second day of the May term.

George Lucas' meat house was destroyed by fire some time after midnight Friday night. Except saving four sides of meat everything was entirely lost. There was no insurance on the house. The fire was caused by a piece of meat falling into a kettle of hot coals left in the house in smoking the meat, it blazing and setting the house on fire. Mr. Lucas had slaughtered seven hogs for his year's meat, with this other provisions stored away for the family use and all of the lard was burned.

Simple Home-Made Treatment Said To Overcome Rheumatism.

When an eminent authority announced to the Scranton (Pa.) Times that he had found a new way to treat that dread American disease, Rheumatism, with just common, every-day drugs found in any drug store, the physicians were slow indeed to attach much importance to his claims. This was only a few months ago. Today nearly every newspaper in the country, even the metropolitan dailies, is announcing it and the splendid results achieved. It is so simple that any one can prepare it at almost small cost. It is made up as follows: Get from any good prescription pharmacy Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking in a bottle and take in teaspoonful doses after each meal and at bedtime. These are all simple ingredients, making an absolutely harmless home remedy at little cost.

Rheumatism, as every one knows, is a symptom of deranged kidneys. It is a condition produced by the failure of the kidneys to properly filter or strain from the blood the uric acid and other matter which, if not eradicated, either in the urine or through the skin pores, remains in the blood, decomposes and forms about the joints and muscles, causing the untold suffering and deformity of rheumatism.

This prescription is said to be a splendid healing, cleansing and invigorating tonic to the kidneys, and gives almost immediate relief in all forms of bladder and urinary troubles and back ache. He also warns people in a leading New York paper against the discontinue use of many patent medicines.

Mrs. John Frakes is able to let out after a lingering spell of lappage.

I wish that I might talk with all sick ones about the actual cause of Stomach, Heart and Kidney ailments. To explain in person how weak Stomach serves leads to Stomach weakness. I am sure would interest all. And it is the same with weak Heart or weak Kidneys. This is why my prescription—Dr. Shoop's Restorative—so promptly reaches ailments of the Stomach, Heart and Kidneys. It is wrong to drug the Stomach or stimulate the Heart or Kidneys. These weak inside nerves simply need more strength. My restorative is the only prescription made expressly for the nerves. Next to seeing you personally, will be to mail you free, my new booklet entitled, "What To Do." I will also send samples of my Restorative as well. Write for the book today. It will surely interest you. Address Dr. Shoop, Box 8 Racine, Wis.

PROMINENT HOSPITALS SAY

PE-RU-NA IS EFFICIENT

IN RELIEVING ALL CATARRHAL DISEASES.

SISTERS OF THE GOOD SHEPHERD, MONTREAL.

HOSPITALS ALL OVER THE CONTINENT FIND PE-RU-NA VALUABLE IN TREATING ALL CATARRHAL DISEASES

CATARRH of the respiratory organs is a common ailment in Canada, for at least two-thirds of the year. This condition is no doubt caused by the long, severe winters experienced in this part of the continent.

Therefore, when Peru-na was discovered by Canadian people to be a reliable remedy for these catarrhal diseases, it at once became a popular medicine, not only among individuals and in families, but in the great hospitals, where it was used as a preventative and relief in hundreds of cases.

These institutions do not hesitate to give their endorsement of the remedy which has been so helpful in the treatment of their poor and sick.

Among these institutions is that of the Sisters of Good Shepherd, who gave the following endorsement:

The Peru-na Company,
 Columbus, Ohio.

Having used Peru-na for the past few months, for our sick and poor, we are happy to say that it has given us great satisfaction.

The Sisters of the Good Shepherd,
 August 20, 1905. Montreal.

After a continued use of the remedy, this institution has found no reason to change its good opinion of the remedy and expresses its satisfaction in the following terms:

visit with their son, Chris Basham, of Duncan.

Miss Bessie Johnson returned home Sunday after three weeks visit to her aunt, Mrs. Dave Isom, of Goering.

Mrs. Carrie Johnson and niece, Miss Pearl, spent Saturday at Goering, the guest of relatives.
